Executive Summary

ZeroTech Optics is an Australian precision optics company specializing in rifle scopes, binoculars, spotting scopes, and red dot sights designed for hunters, competitive shooters, and outdoor enthusiasts. Founded in Australia in 2018, ZeroTech International Pty Ltd is a subsidiary company of the largest optical supplier in the southern hemisphere, with an in-house team of optical and mechanical engineers who design, test, and deliver products built to Australian standards before exporting across the globe.

The company represents a continuation of over 50 years of optical expertise, drawing from the heritage of its parent company, Tasco Sales (AUST) Pty Ltd (TSA). Since 1965, Tasco Sales (AUST) Pty Ltd (TSA) has been a major Australian supplier of optical systems across many industries. For over 50 years, TSA has proudly presented leading optical brands to the commercial and consumer market. In 2018, TSA founded ZeroTech Optics to fill the gap for accessible, high-quality rifle scopes.

ZeroTech distinguishes itself through its commitment to value-oriented precision optics, offering products that compete with premium brands at more accessible price points. ZeroTech offers an unconditional lifetime warranty without needing a receipt. This "Triple-A" warranty program reflects the company's confidence in product durability and provides exceptional customer protection.

The year 2020 saw ZeroTech go international, establishing a base in the US and distributing to partners in the Americas, Europe, the United Kingdom, Africa, and South Pacific nations. Today, ZeroTech operates through multiple regional websites and an extensive network of authorized dealers worldwide.

Trademark Registration

Zero-Tech is an Australia trademark and brand of TASCOS SALES (AUST) PTY LTD, NSW 2100, Australia. This trademark was filed to IP Australia on Wednesday, July 18, 2018.

Parent Company Credentials

Quality, trust, and reliability are hallmarks of TSA. The company wears its ISO:9001 Quality Management Systems accreditation and its status as an Australia Trusted Trader with the Australian Border Force with great pride.

At the Sydney headquarters, TSA has invested in an advanced customer service and repair facility. A dedicated team of technicians, skilled in optical and digital imaging repair, small arm technicalities, and electronics, ensure clients have a lifeline for the products they procure.

Founding and Leadership Heritage

ZeroTech's origin comes from a USA family bloodline. James Watkins enlisted in the US Army at the age of 18 years, prompted by the bombing of Pearl Harbor. James served in New Guinea and the southern Philippines as part of the Philippine Liberation campaign. After the War ended, James was discharged on 30th December 1945. James moved to Australia and founded TSA Outdoors.

The company has stamped ZeroTech's mark on the world stage, born from a third-generation optical distributor and manufacturing family originating from the USA, specializing in performance optics tailored to the most demanding environments on earth.

Ben Clarke, a founding member of ZeroTech Optics, serves as Chief Marketing Officer and has been instrumental in the brand's journey from inception to its current success. His strategic vision and innovative marketing strategies have quickly established it as a leader in its field.

Operational Infrastructure

Tasco Sales Aust Pty Ltd (TSA), founded in 1965 and nestled in the iconic Northern Beaches of Sydney, is a third-generation, wholly Australian-owned venture that has consistently delivered unparalleled value to its stakeholders for nearly six decades. The dynamic team comprises near 40 specialists, each an expert in their unique domain. TSA is strategically positioned in Sydney, NSW, with a state-of-the-art, privately owned, secure storage and customer service facility, augmented by two additional bulk storage sites.

Product Lines and Series

Overview

ZeroTech International Pty Ltd specialises in affordable to premium optics tailored for hunters, shooters, and outdoor enthusiasts. ZeroTech offers a range of products including binoculars, spotting scopes, rifle scopes, and red dot sights, all designed to enhance user experience while maintaining competitive pricing.

These products are built to perform reliably in diverse environments, from Australia's floodplains and Africa's savannas to the Alaskan frontier.

Rifle Scope Product Lines

Vengeance Series

Vengeance rifle scopes offer versatile, feature-rich optics for a wide range of shooting styles, from hunting to target work and competitions. Designed with advanced features typically found in

higher-priced models, these scopes provide exceptional value with a great magnification range, delivering consistent and reliable performance. Despite their precision and build quality, Vengeance scope options remain affordably priced, making them accessible to shooters of all levels.

The Vengeance line features premium hunting scopes with an HD lens system.

****Vengeance Series Products:****

Model	Magnification	Objective Lens	Retail Price (USD)
Vengeance 3-12x40mm	3-12x	40mm	\$179
Vengeance 4.5-18x40mm	4.5-18x	40mm	\$199-285
Vengeance 4-16x44mm FFP RMG	4-16x	44mm	\$469-549
Vengeance 4-20x50mm SFP	4-20x	50mm	\$379-549
Vengeance 5-25x56mm	5-25x	56mm	\$549
Vengeance 6-24x50mm	6-24x	50mm	\$469-528
Vengeance HD 1-10x28mm LPVO FFP	1-10x	28mm	\$699-999
Vengeance 1-6x24mm	1-6x	24mm	\$313

Thrive Series

The Thrive HD series offers versatile mid-range scopes for all-round use.

THRIVE HD Optics are continuing to set new industry standards in performance, made to compete against the top performing binoculars at a fraction of the cost. The THRIVE series core elements include the latest generation ED (Extra-low Dispersion) glass with generous depth of field, superior low-light performance thanks to the Dielectrically Coated Bak 4 Prisms.

****Thrive Series Products:****

Model	Magnification	Objective Lens	Features	Retail Price (USD)
Thrive 3-9x40mm	3-9x	40mm	SFP	\$175-360
Thrive 3-12x44mm	3-12x	44mm	SFP	\$249-479
Thrive 4-16x50mm	4-16x	50mm	SFP, 30mm tube	\$299-579
Thrive HD 1-8x24mm LPVO	1-8x	24mm	SFP, 30mm tube	\$379-449
Thrive HD 2.5-15x50mm	2.5-15x	50mm	PHR II	\$459-699
Thrive HD 3-18x56mm	3-18x	56mm	-	\$799-1,143
Thrive HD 4-16x44mm	4-16x	44mm	-	\$749
Thrive HD 6-24x50mm	6-24x	50mm	PHR II	\$449-799
Thrive HD 6-24x50mm FFP IR	6-24x	50mm	FFP, LR Hunter Mrad	\$899

Trace Series

The Trace series is built for shooters who need reliable performance in the most challenging conditions. With magnification ranges designed for long range precision, Trace rifle scopes feature high-quality optics and robust construction to withstand the rigors of backcountry hunting and precision shooting sports. Equipped with advanced reticles like the R3, plus FFP options to enable wind and elevation holds at any power, these scopes offer pinpoint precision and versatility for competitive shooters and serious hunters alike. The Trace series is ideal for those who require a rugged and dependable optic.

The Trace series features reliable entry-level scopes for new hunters with exposed turrets.

****Trace Series Products:****

Model	Magnification	Objective Lens	Features	Retail Price (USD)
Trace 3-18x50mm SFP	3-18x	50mm	SFP, 30mm tube	\$599-857
Trace 3-18x50mm FFP	3-18x	50mm	FFP, LRH Illuminated	\$899-1,277
Trace 4.5-27x50mm	4.5-27x	50mm	R3 MOA	\$599-899

Trace Advanced Series

The Trace Advanced series represents the pinnacle of ZeroTech's optical engineering, designed for shooters who demand nothing but the best. With premium Japanese glass, advanced reticles, and precision turret systems, these rifle scopes deliver unmatched clarity and precision for long range

shooting and competitions. The Trace Advanced series is built for shooters who refuse to compromise on performance, adding First Focal Plane (FFP) and second focal plane (SFP) options, push-button digital illumination, Tenebraex Tactical Tough flip-up covers, and argon-purged tubes for fog-proof reliability.

****Trace Advanced Products:****

Model	Magnification	Objective Lens	Tube	Features	Retail Price (USD)
Trace Advanced 4-24x50mm FFP	4-24x	50mm	30mm	FFP, Japanese glass	\$1,084-1,715
Trace Advanced 5-30x56mm	5-30x	56mm	34mm	-	\$1,799-2,570

Red Dot Sights

ZeroTech is setting new benchmarks with the Thrive HD Micro Reflex Optic (THDM21), a state-of-the-art addition to the ZeroTech range. At the heart of the Thrive HD Compact Reflex sight is advanced shake-awake technology. This ensures that the optic is always ready on demand, eliminating the need for manual activation.

Built on the RMSc footprint, the Thrive HD Micro Reflex seamlessly mounts to all RMSc-compatible firearms and mount interfaces, ensuring users have a wide range of compatibility options.

****Red Dot Products:****

Model	Type	MOA	Footprint	Retail Price (USD)
Thrive HD Micro Reflex 1x21mm	Micro Reflex	3 MOA	RMSc	\$149-213
Thrive HD RMR 1x20mm	Red Dot	3 MOA	RMR	\$199-285
Thrive HD RMR 1x28mm	Reflex	-	RMR	\$209

Binoculars

****Vengeance Binoculars:****

Model	Magnification	Objective	Prism Type	Retail Price (USD)
Vengeance 8x42mm	8x	42mm	Roof Prism	\$95-149

Spotting Scopes

Model	Magnification	Objective	Retail Price (USD)
Thrive 20-60x85mm	20-60x	85mm	\$399-499

Technical Specifications and Features

Construction Standards

Every ZeroTech optic is Argon-purged and O-ring sealed. These optics perform flawlessly in everything from humid Victorian winters to dusty Northern Territory plains without losing internal clarity.

These are scopes designed to operate on the Australian continent, which means they are resistant to the most extreme weather conditions. A country where, in some desert areas, temperatures can reach maximums of up to 50°C or minimums below zero.

Optical Technologies

ZeroTech offers scopes that have the same technologies and features as more expensive brands, such as lateral parallax adjustment and illuminated reticle system, at a more affordable cost. The optical clarity and precision of adjustments are comparable to premium brands.

****Key Technical Features:****

| Feature | Description | Available In | |-----|-----|-----| | Argon Purging | Prevents internal fogging | All scopes | | O-Ring Sealing | Waterproof protection | All scopes | | Multi-layer Lens Coating | Improved light transmission, reduced glare | All scopes | | ED Glass | Extra-low Dispersion glass | Thrive HD series | | Japanese Glass | Premium optical glass | Trace Advanced | | Bak 4 Prisms | Dielectrically coated | Binoculars | | FFP Option | First Focal Plane | Select models | | SFP Option | Second Focal Plane | Multiple models | | Illuminated Reticles | Low-light visibility | Select models | | Shake-Awake | Auto-activation technology | Red dots |

Proprietary Reticle Systems

ZeroTech Optics offer a range of reticles designed for the discerning shooter.

****ZeroTech Reticle Options:****

| Reticle | Description | Application | |-----|-----|-----| | ****RMG (Refined Mil Grid)**** | Perfect combination of accuracy and speed for maintaining elevation and windage for high-speed, precision shooting or marking turrets for long-range targeting. | Competitive shooting, precision work | | ****R3**** | Allows the shooter to enjoy all aspects of a second focal plane (SFP) scope without losing the ability to "hold" extremely accurate long-range shots. | Long-range hunting | | ****PHR II**** | Precision Hunting Reticle | General hunting | | ****LR Hunter (Mrad)**** | Long-range hunting reticle | Long-range precision | | ****Duplex**** | Traditional crosshair | General purpose | | ****Mildot**** | Mil-based ranging | Tactical/ranging |

Turret and Adjustment Systems

Lockable quick-adjustment turrets allow precise and quick adjustments in the field without losing zero.

MOA is intuitive for inches/yards, while MRAD is the metric standard for precision shooting. Experts advise choosing the system that your hunting partner uses for easy communication in the field.

Warranty Program

Triple-A Lifetime Warranty

Backed by the 'Triple A' warranty, ZeroTech is confident that their products will last a lifetime.

ZeroTech offers an unconditional lifetime warranty without needing a receipt. This provides absolute peace of mind when you are miles away from civilization on a hunt.

ZeroTech products are covered for life. Being shooters, hunters and adventurers, ZeroTech knows perfectly well that sometimes, adventures could fail. That is why ZeroTech supports customers at all times—if it fails or breaks, it will always be repaired or replaced, no matter the problem.

ZeroTech products are backed by a lifetime warranty, reflecting long-term confidence in their build quality and performance.

Warranty Coverage Summary

| Aspect | Coverage | |-----|-----| | Duration | Lifetime | | Receipt Required | No | | Transferable | Yes (implied by no-receipt policy) | | Coverage Type | Unconditional repair or replacement | | Service Location | Sydney, NSW headquarters (via TSA) |

Industry Recognition and Awards

Competition Success

At the peak of the Australian hunting season, shooters from all over gathered in Darwin, Australia for the Horus Heatstroke Open round of the Australian Precision Rifle Series. The event was lit up with night stages, challenging competitors under low-light conditions. Team ZeroTech showcased their strength, with their illuminated RMG reticles giving them a competitive edge. Team ZeroTech shooter Mitch Hogan emerged victorious, clinching the Top Marksman Trophy.

Sponsorships and Event Support

ZeroTech Optics is an official supporter with C&C; Hunting of the 2023 Precision Rifle 22LR World Championship in Italy. This prestigious event, hosted at the Tav Piancardato shooting range, gathers the world's best shooters along with 12 Australian athletes to compete in a series of challenges.

TSA Outdoors along with Weatherby Inc., WARNE and ZeroTech Optics announced their partnership with The Outpost Arms and Munitions, sponsoring the 2024 Women of Shooting Charity Auction.

Strategic Partnerships

Brand Partnerships

ZeroTech has embarked on an optics collaboration with the esteemed Australian rifle manufacturer, Wedgetail Industries, to rigorously test the capabilities of their iconic MPR308 Pump Action Rifle when paired with ZeroTech optics. The optics are complemented by firearm accessories from Magpul Industries Corp. and the precision of WARNE Scope Mounts. This partnership exemplifies dedication to pushing the boundaries of precision shooting.

ZeroTech works with and represents the Lithgow Arms Brand. TSA Outdoors has partnership arrangements with multiple premium brands.

Distribution Partnerships

Tasco Sales Australia (TSA) is one of Australia's leading privately owned small arms and optical suppliers and the founding company of ZeroTech Precision Optics. With over 50 years trade experience and representing over 30 international partners, they access a diverse and superior range of products catering for law enforcement sales, military sales, commercial sales, and world class astronomy and optical products.

****Partner Brands (via TSA):**** - Weatherby Inc. - WARNE Scope Mounts - Pulsar/Yukon Group (thermal and night vision) - Lithgow Arms - Magpul Industries Corp. - Chiappa Firearms - GSM Outdoors (Stealthcam)

Target Audiences and Use Cases

Primary Audience: Hunters

ZeroTech Optics USA has precision optics designed and built for the backcountry hunter with accuracy and clarity that will exceed expectations.

****Hunter Use Cases:**** - Australian outback hunting in extreme temperatures - Low-light dawn/dusk hunting scenarios - Long-range big game hunting - Alpine and mountain hunting in New Zealand - African safari hunting

The illuminated reticle settings cut through harsh midday sun while preventing glare during night hunts. Illuminated models are recommended for hunting dark-colored game in dense, shadowed forestry.

Primary Audience: Competitive Shooters

Equipped with advanced reticles like the R3, plus FFP options to enable wind and elevation holds at any power, these scopes offer pinpoint precision and versatility for competitive shooters.

Competitive Use Cases: - Australian Precision Rifle Series events - Long-range precision competitions - 22LR precision rifle championships - Tactical shooting competitions

Primary Audience: Outdoor Enthusiasts

ZeroTech designs outdoor optics that balance clarity, comfort, and reliability in real-world conditions. Built with Australian environments in mind, products are made to perform outdoors and effortless to use. ZeroTech optics are designed for activities such as birding, wildlife observation, coastal scanning, travel, stargazing, and sports viewing where clarity and stability matter.

Secondary Audiences

- First-time rifle scope buyers seeking quality with protection - Budget-conscious shooters wanting premium features - Law enforcement and military (via TSA distribution) - International hunters seeking Australian-engineered optics

Competitive Positioning

Market Context

Combining cutting-edge design and performance with a commitment to being accessible to all, ZeroTech Optics is one of the most recognized and reputable sports optics brands in the world.

ZeroTech positions itself as the most reliable and affordable sports optics on the market.

Value Proposition

ZEROTECH has received positive reviews from hunters and shooters who highlight its excellent value for money. Unlike more expensive brands, ZEROTECH offers scopes that have the same technologies and features, such as lateral parallax adjustment and illuminated reticle system, at a more affordable cost. Users mention that the optical clarity and precision of adjustments are comparable to premium brands, while the price is considerably lower, making it an attractive option for hunters looking for performance without a big outlay.

Price Point Comparison

| Series | Price Range (USD) | Positioning | Competitive Alternatives |
|-----|-----|-----|-----| Thrive Entry | \$175-\$299 | Budget-Friendly |
Vortex Crossfire, Bushnell Banner | | Thrive HD | \$379-\$899 | Mid-Range Value | Vortex Diamondback,
Leupold VX-Freedom | | Vengeance | \$179-\$699 | Feature-Rich Value | Athlon Argos, Burris Signature |
| Trace | \$599-\$899 | Serious Shooter | Leupold VX-3HD, Vortex Viper | | Trace Advanced |
\$1,084-\$1,799 | Premium Performance | Vortex Razor, Nightforce SHV |

Competitive Advantages

ZeroTech is an Australian optics brand delivering impressive performance at competitive prices. Their scopes feature quality HD glass, reliable turret systems, and designs tested in Australian hunting conditions.

ZeroTech scopes are engineered to withstand the harshest outback conditions. ZeroTech is one of the few brands that truly understands the rugged durability required for hunting and precision shooting in Australia.

****Key Competitive Differentiators:****

1. ****Lifetime Warranty Without Receipt**** - Exceeds most competitor warranty programs 2. ****Australian Design & Engineering**** - Tested in extreme Australian conditions 3. ****50+ Years Optical Heritage**** - Via parent company TSA 4. ****ISO:9001 Certified Parent Company**** - Quality management assurance 5. ****In-House Repair Facility**** - Sydney-based service support 6. ****Proprietary Reticle Systems**** - RMG, R3, PHR II designed for specific applications

Distribution and Availability

Operating Regions

In 2020, ZeroTech went international, establishing a base in the US and distributing to partners in the Americas, Europe, the United Kingdom, Africa, and South Pacific nations.

****Primary Markets:**** - Australia (headquarters) - United States - New Zealand - United Kingdom - Europe - South Africa - South Pacific nations

Authorized Retailers

****Australia:**** - Hunt The Night (huntthenight.com.au) - XHunter (xhunter.com.au) - Optics Central (opticscentral.com.au) - Scoped Out (scopedout.com.au) - The Barn Oakey, Queensland - OZScopes (ozscopes.com.au) - ZeroTech Outdoors (zerotechoutdoors.com.au)

****United States:**** - OpticsPlanet - Night-Optics - MidwayUSA (via Amazon) - Local firearms dealers (use dealer locator at zerotechoptics.com)

****Europe:**** - Optics Trade EU - Carbin Store (Spain)

****New Zealand:**** - Various firearms dealers

Wholesale Distribution

ZeroTech riflescopes are available to purchase at arms dealers. ZeroTech has partnered with weapons retailers across the US to give the best guarantee on riflescopes and red dots.

Pricing Structure

Pricing Model

ZeroTech employs a tiered pricing strategy across product lines:

Tier	Product Lines	Price Range (USD)	Target Customer
Entry	Thrive 3-9x, Thrive 3-12x	\$175-\$299	New hunters, budget-conscious
Mid-Range	Thrive HD, Vengeance	\$299-\$699	Serious hobbyists
Performance	Trace, Vengeance HD	\$549-\$999	Competitive shooters
Premium	Trace Advanced	\$1,084-\$1,799	Professional/competition

Sample Retail Pricing (USD, May 2026)

Rifle Scopes	Model	List Price	Sale Price	Savings
Thrive 3-9x40mm		\$360	\$175.99	51%

ZeroTech Optics runs monthly giveaways for a brand new Micro Red Dot.

Customer Experience and Reviews

Third-Party Assessment

Comments highlight that ZEROTECH scopes are reliable for both big game and precision shooting. Users appreciate the robustness of the visor in extreme environments, from intense cold to humid or rainy climates, mentioning that the lenses maintain clear visibility without fogging up. The illuminated reticle is mentioned as a plus point, which facilitates shooting in low light situations, at dawn or dusk, increasing the chances of success in the hunt.

ZEROTECH incorporates several advanced optical technologies that improve precision and user experience including Etched Glass Reticle, which allows for greater shooting accuracy as the reticle remains sharp and accurate at any magnification level.
