Neoprene Scope Covers: Technical Details, Specifications, and Features ## Product Overview

Neoprene Scope Covers are protective accessories manufactured by ZeroTech designed to safeguard riflescopes from environmental damage, dust, moisture, and physical impact. These covers are essential protective components included with various ZeroTech riflescope models across multiple product lines. ## Available Sizes and Pricing Neoprene Scope Covers are available in two distinct size variants: - **Small Size** (Product Code: ZTA-COVERSML) - **Large Size** (Product Code: ZTA-COVERLG) Both sizes are priced at **\$19.95 each**, making them affordable protective solutions for scope owners. ## Material and Construction The covers are constructed from **neoprene material**, which provides several protective advantages: - **Durable protection** against environmental exposure - **Soft material** that safeguards optical components without causing damage - **Weather-resistant** properties for outdoor protection - **Impact protection** during handling and transport ## Primary Functions and Applications ### Protection During Storage and Transport Neoprene Scope Covers are specifically designed to protect riflescopes when they are not in active use. The covers effectively shield optics from: - Environmental elements and weather exposure - Dust accumulation - Moisture and humidity - Accidental impact and physical damage during handling or transportation ### Comprehensive Coverage The covers provide protection for the entire scope, including: - Lens protection from environmental damage and debris - Body shielding from weathering effects - Overall durability enhancement for the optical system ## Compatibility Information Different neoprene cover sizes are engineered for specific riflescope models, with compatibility classifications: ### Small Cover Compatibility (Ideal Fit) The small neoprene covers are ideal for use with the following ZeroTech riflescope models: - ZT THRIVE 3-12X44 ZEROPLEX - ZT THRIVE 4-16X50 ZEROPLEX - ZT THRIVE 3-9X40 ZEROPLEX - ZT THRIVE 3-12X44 PHR 3 - ZT THRIVE 4-16X50 PHR II - ZT THRIVE 3-9X40 PHR 3 ### Large Cover Compatibility (Not Suitable) Large neoprene covers are **not suitable** for the same smaller THRIVE scope models listed above. ### Tight Fit Models Several

premium riflescope models provide a tight, ideal fit with neoprene scope covers: - ZT TRACE ADV 4.5-27X50 RMG FFP - ZT VENGEANCE 4-20X50 R3 - ZT VENGEANCE 4-20X50 PHR-II - ZT TRACE 4.5-27X50 R3 MOA - ZT TRACE 3-18X50 R3 MOA - ZT VENGEANCE 4-20X50 R3 ILLUM - ZT THRIVE HD 6-24X50 PHR II - ZT VENGEANCE 4-20X50 PHR-II IR ### Not Suitable Models Certain scope models are not compatible due to loose fitting: - ZT VENGEANCE 3-12X40 ZEROPLEX (loose fit) - ZT VENGEANCE 4.5-18X40 PHR (loose fit) - ZT THRIVE HD 3-18X56 PHR II IR (despite ideal ratings) ## Standard Inclusion with Riflescopes Neoprene Scope Covers come as **standard included accessories** with numerous ZeroTech riflescope models, including: - Vengeance series (multiple configurations) - Thrive series and Thrive HD variants - Trace Advanced scope series - Trace ED LPVO models - Specialized prism scopes (Thrive HD MICRO Prism, MICRO Prism Scope) ## Protective Value and Longevity By protecting scopes from environmental elements and physical damage, Neoprene Scope Covers contribute significantly to: - **Extended equipment lifespan** through weatherproofing - **Consistent optical performance** maintenance - **Preservation of optical quality** over time - **Enhanced durability** of the riflescope system ## Tax and Visibility Status Both small and large Neoprene Scope Covers variants are marked as: - **Visible** in product catalogs and retail listings - **Taxable** items for pricing purposes --- ### References - [1] directory/business_homepage/business-profile-and-homepage.md
